Academic Senate 2020- 2021, Albanian University

The Academic Senate is the highest body of AU, which determines the development policies of the institution, programs, coordinates, directs and controls the teaching and research activities and evaluates their efficiency. The Academic Senate applies in its activity the principles of academic au-

tonomy and freedom, as well as respect for the rights of students.

The Academic Senate is chaired by the Rector and consists of Vice-Rectors, Deans, Heads of Base Units, other academic staff with academic degrees and titles and a representative of the student body.

1. ALBANIAN UNIVERSITY

"Albanian University" is a Private Institution of Higher Education established in 2004, located in the center of Tirana, the capital city of Albania.

Since its first year of creation, this institution has focused on promoting intellectual product and merging learning with research.

"Albanian University" was reaccredited in 2020 by the Quality Assurance Agency in Higher Education. In the recent years, all active study programs have undergone the QAAHE external evaluation process and have been positively evaluated. Albanian University, for more than a decade has been a worthy part of Higher Education

institutions in Albania, contributing to the professional and intellectual formation of our country's elites.

Contemporary study programs, a staff with a very long academic and professional background, modern and qualitative infrastructure conditions are some of the elements on which the university was founded.

AU is an independent open community that seeks to be a worthy part of the world and the future. To carry out its mission AU aims to accompany and support students so that they can best use their potential. The oldest private university in the Albanian Republic,

WHY AU?

Faculty of Medical Sciences

2. ALBANIAN UNIVERSITY

AU pushes students to achieve their highest potential.

Has a qualified academic staff with prominent dedicated professors with a very long academic and professional background. About 1700 graduate students in the academic year 2019-2020 and about 16,327 graduate students in 16 years are figures that prove year by year the quality and achievement of Albanian University increases thanks to values such as: organizational correctness, quality in every academic initiative, accountability in achieving standards.

Albanian University offers financial support through scholarships of excellence, promoting and encouraging the best students. Our mission is the

expansion of the boundaries of knowledge through quality education, intellectual, social and cultural growth of the students.

The majority of graduate students are employed. The mission of the Career and Alumni office is to increase student employment as well as to help them develop to their full potential and achieve high performance in the job market.

AU is partner with the most prominent European universities, organizing joint scientific events in different fields.

It offers a wide range of contemporary study programs, offering students the opportunity to make the best choice for a secure future.

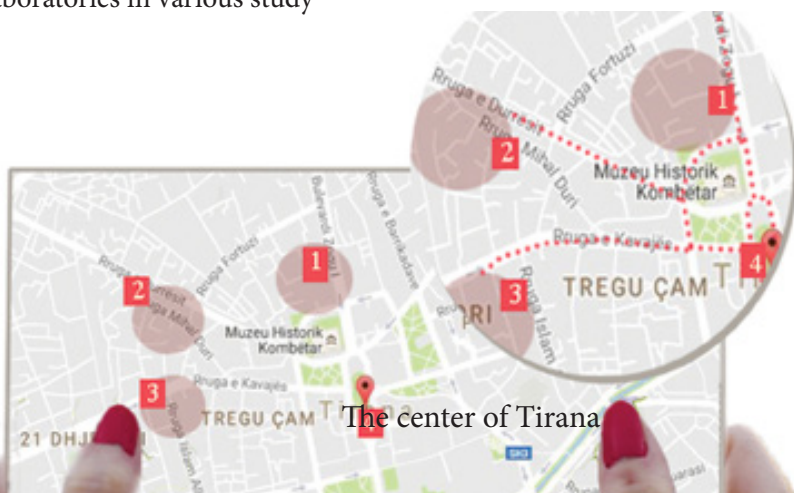

Faculty of Applied Sciences and Economics

STUDYING IN TIRANA

5. STUDYING IN AU

will turn you into a Bicultural Student by living in a culturally rich city.

Tirana is the capital and largest city by area and population of the Republic of Albania.

Tirana is undoubtedly one of the liveliest capital cities of the Balkans and has plenty of cool museums and art galleries that every young student must visit at least once.

Tirana is an important center for music, film, theatre, dance and visual art. The city is host to the largest cultural institutions of the country, such as the National Theatre and the National Theatre of Opera and Ballet, the National Archaeological Museum, the Art Gallery of Albania, the Sciences Museum of Albania and the National Historical Museum.

Among the local institutions is the National Library, that keeps more than a million books, magazines, maps, atlases, microfilms and other library materials. Their diversity makes it possible for people of different tastes to find themselves in a city this small. Due to its location, the city is particularly influenced by a Mediterranean seasonal climate.

It is among the wettest and sunniest cities in Europe, with 2,544 hours of sun per year. Tirana might also be your favorite city if you're a coffee lover. There are 654 coffee shops per 100 thousand inhabitants in Albania, a country with only 2.9 million inhabitants.

The city is also filled with bookstores, where you can buy various books of worldwide Prices on food, and other leisure activities are half of its neighboring countries, which is very beneficial for young students.
